### MAY THEY ALL BE ONE

Interestingly the world is structured like human body. Though, there are different parts in the body but still one body. We all are created differently with different ideology, mentality and understanding. No two persons are the same, but we are meant to live together as a family notwithstanding. The hand is different from the leg so also the head is different from the tummy and yet they all are parts of one body. None can claim superior to the other. The hands cannot claim superiority over the head neither the legs over the tummy. They all work together to make sure the body remains alive.

Again, no part of the body works in isolation. They help each other to enable the body function effectively. This is how humanity should be. How I wish people will understand that though we are different, but we are meant to live together in peace. Small wonder Jesus made this passionate prayer "Holy Father, I pray not only for these, but for those also who through their words will believe in me. May they all be one" (Jn. 17:20-21).

Oneness here does not mean uniformity. It simply means unity in diversity. For us to be united and live in peace we must shun absolutely superiority/inferiority complex; we must take away spirit of indifferentism; destroy and bury every spirit of hatred. There must be tolerance, patience, understanding and above all love. Let's reflect on this appeal of Paul: "Bear with one another charitably, in complete selflessness, gentleness and patience. Do all you can to preserve the unity of the Spirit by the peace that binds you together" (Eph. 4:2-3) **United we stand but divided we fall!!! I wish you a lovely Sunday.**
